Statement of Support from Research Mentor

Potential research mentors must complete a one-page (max.) statement covering the following:

- the quality of the science proposed by the candidate
- the potential impact of the research, including some evaluative comments about the project – is it achievable, is it remarkable?
- the alignment of the applicant's proposed research to the PI's current research work
- assurance that all of the necessary resources are in place to guarantee that the proposed project will be completed in the time frame of the fellowship
